**Ham Patties Are Excellent For Luncheon**

**PATIO SALAD IS ONE-DISH-MEAL**

Social calendars this season are filled with luncheon parties. Often they'll honor a bride-to-be.

Whatever the occasion you will want to plan a meal that is light enough for ladies' appetites, yet one that satisfies. And it should be on the elegant side.

Such a luncheon entrée is this recipe for Hawaiian Ham Patties. The patties delectably combine ground ham, sour cream, bread crumbs and chopped celery. Onion and horseradish add a slight tang to the flavor.

The patties bake on large pattypan slices and receive a crown of sour cream sprinkled with paprika.

**HAWAIIAN HAM PATTIES**

- 3 cups ground cooked ham
- 1 cup dairy sour cream
- 1 cup soft bread crumbs
- 1/2 cup chopped celery
- 1/2 cup chopped onion
- 1 egg, beaten
- 1 tsp. prepared horseradish
- 1 can (1-lb. 11-oz.) sliced pineapple, drained

Reserve 1/4 cup sour cream for garnish. Combine ground ham, 1/2 cup sour cream, bread crumbs, celery, onion, egg and horseradish.

Shape into 6 patties and place patties on top of 6 pineapple slices. Place in baking dish and bake at 350 degrees for 45 minutes.

Garnish with remaining sour cream and sprinkle with paprika.

With warm summer weather, salads that form the main dish of a meal become increasingly popular.

For the family dinner, luncheon or patio party, a simple egg and shrimp salad is not only coolly delightful, it contains the protein nutrition and satiety not always associated with a salad.

The greens, tomatoes and dairy sour cream provide the balance, and this becomes a one dish meal that needs only bread or rolls, beverage, and a cool summer dessert to make a menu that is well worth repeating throughout the warm months.

**PATIO SALAD**

- Lettuce
- 2 large tomatoes
- 2 lbs. cooked, deveined shrimp
- 4 hard-cooked eggs
- 1/2 cup mayonnaise
- 1/2 cup dairy sour cream
- 1/2 cup frozen chopped chives
- Sprigs of dill

On large serving dish or individual serving dishes, place bed of lettuce leaves, and top with shrimp and sliced hard cooked eggs.

Arrange tomato slices or wedges around edges. Dress with mayonnaise combined with sour cream and chives. Sprinkle with chives and garnish with dill. Makes 4 servings.

**Toasting Almonds**

Sliced almonds will give an otherwise simple layer cake the glamour and appeal of a chef d'oeuvre. Whether you use blanched or unblanched almonds, give them a light oven toasting.

Spread them in a single layer in a pie pan. Pop them into a slow oven and watch carefully for a pale golden color to develop.

**Warmed Fruit Adds Flavor**

Since chicken and fruit go together so well, give yourself a treat with Chicken and Cranberry Clings.

Broiler-fryer pieces brushed with mayonnaise are baked and served with heated canned peach halves filled with a spicy mixture of cranberry sauce, ground cloves and butter.

**CHICKEN AND CLINGS**

- 1 broiler-fryer (about 3 lbs.) cut into pieces
- 1/2 cup mayonnaise
- Salt
- Pepper
- 1 can (1 lb. 13-oz.) cling peach halves
- 1 cup whole cranberry sauce
- 1/2 tsp. ground cloves
- 1 tsp. butter

Brush chicken pieces with mayonnaise and sprinkle with salt and pepper. Bake in 350 degree oven 1 hour.

Drain peaches, saving syrup. Combine 2 tablespoons syrup with cranberry sauce, cloves and butter.

Heat, stirring until mixture is smooth. Warm peaches in remaining syrup; drain. Arrange peaches around chicken on serving platter and spoon sauce over fruit. Serve remaining sauce in bowl.

**Modilac is a complete formula.** No sugar or syrup to measure or mix. No vitamin supplement needed. Just combine the amount of Modilac and boiled water your doctor specifies.

**Buy words for baby clothes.** It's a sensible idea to assemble baby's layette gradually over your "mother-to-be" period. In this way you distribute the cost and your purse strings take less of a tugging at one time.

**Formula for baby's formula.** At some point you and your doctor will decide whether your baby will be breast-fed or bottle-fed. If bottle-feeding is your choice you may want to ask your doctor about Modilac. . . . the Gerber Baby Formula. This special milk formula, which really looks and tastes like milk, is adapted to your baby's needs and provides nourishment comparable to mother's milk.

**Nutrition note from Dan Gerber.** "Cereal is usually a new baby's first solid food and rice cereal is often recommended as a starter. Gerber Rice Cereal is the only infant rice cereal containing rice polishes. . . . a good natural source of vitamin-B complex. These polishes (taken from one of the inner layers of the rice grain) not only improve the nutritive values but also enhance the flavor of this exceptional cereal."
